

*For Immediate Release*

## **JSA Launches Online Meeting Management System for Telecom Exchange (TEX) LA November 14-15**

Networking Platform; Integrates Seamlessly with the Telecom Exchange Event App to Bolster Direct Networking and C-Level Engagement

**MIDDLEBROOK, VA – October 13, 2016**—[Jaymie Scotto & Associates \(JSA\)](#), the preeminent marketing, public relations and event-planning firm serving the telecommunications and technology industries, and founder and host of [Telecom Exchange \(TEX\)](#), the premier industry networking event 'where communications and technology meet,' announces today the launch of the TEX [Meeting Management System](#). An intuitive online networking platform, the TEX meeting management system allows event attendees to schedule meetings with peers leading up to and during TEX. The system will integrate with the official TEX meeting management mobile app, now available on the App Store and Google Play. The new web and mobile app allows for intelligent matches between all of those attending TEX, clearing the way for learning, discussion and collaboration.

Through the meeting management system, TEX attendees can easily facilitate on-site business meetings with: local and global network providers; financial networks and investors; colocation and data center providers; and emerging and established technology companies. All meetings scheduled through the new meeting system will be held on Tuesday, November 15 at Montage Beverly Hills.

"Our meeting management system is well-aligned with our event philosophy—to get rid of the 'red tape' and directly connect our attendees to key network decision makers, media influencers, and breaking news, so intelligent business decisions can be made," states [Jaymie Scotto Cutaia](#), CEO and Founder of JSA. "Our meeting platform offers a wealth of new opportunities and event ROI, such as digital lead generation, allowing attendees to connect before, during and after the event with integrated social media discussions, direct messages, and one-on-one meeting management."

The TEX Meeting Management System features many attributes, which include: a dynamic mobile app; easy-to-create, interest-based profiles for attendees; intuitive recommendations and matching, personalized schedules; interactive maps; networking and discussion; one-on-one meetings; digital collateral and handouts; a comprehensive search and filtering tool; and much more.

All registered TEX attendees can access and login to the new meeting management system at <https://texla.zerista.com>

For more information on these opportunities or how to participate, visit <http://thetelecomexchange.com/la/> or email us at [info@TheTelecomExchange.com](mailto:info@TheTelecomExchange.com).
