JSA Interactive Video 'WalkOuts' Technology Provides Enhanced Engagement, More Effective Lead Generation, and Higher Sales Conversion Rates

MIDDLEBROOK, VA, April 27, 2017 – [Jaymie Scotto & Associates \(JSA\)](#), the preeminent marketing, public relations and event-planning firm serving the telecommunications and technology industries, today announces it will be launching, promoting and recording [WalkOuts](#) at [International Telecoms Week](#) in JSA's green screen studio, meeting room 519 in the West Tower, Hyatt Regency in Chicago, May 14-17, 2017.

A 'WalkOut' is a 3-D like spokesperson that appears to walk out across the screens of targeted recipients' desktops and mobile devices to showcase telecom products and services, provide interactive price quotes, download information sheets or presentations, play a video within a video and more. The technology can also automatically launch new webpages in the viewers' browsers, collect information via on-screen forms or surveys, and even provide an on-screen phone to connect with interested prospects in real time - all in the video.
