

Telecom Exchange CEO Roundtables Tackle Carrier Wholesale Offerings in the Age of IoT at DCD Converged Europe

CEO Roundtable Participants, including GlobeNet, Hibernia Networks, LINX, RCR Wireless, WireIE, XKL, and More to Headline at Telecom Network Industry Event in partnership with DatacenterDynamics Converged Europe conference and expo.

LONDON, UK – November 9, 2015–[Telecom Exchange \(TEX\) London](#), the industry networking event for high-bandwidth network operators, collocated with [DatacenterDynamics \(DCD\) Converged Europe](#), today announces its CEO Roundtable participants and topics. Both events will take place on Wednesday, 18 November and Thursday, 19 November at The ExCeL, Royal Victoria Dock in London.

TEX London will include two 55-minute CEO Roundtable sessions starting at 11:20 GMT on Thursday, 19 November. The first CEO Roundtable, moderated by [Jaymie Scotto Cutaia](#), CEO and Founder of Jaymie Scotto & Associates (JSA), the organisers of Telecom Exchange, will look into how carriers can move beyond Traditional Carrier Offerings with NFV, Open Source, and SDN technologies. Participants for this panel include Erick Contag, COO for GlobeNet and Richard Petrie, CTO for LINX.

The second CEO Roundtable, starting at 15:00 GMT is titled, "Delivering World-Class Mobile Connectivity through High Quality Network Capacity." The panel, debating the European mobile connectivity race, will be moderated by Jeff Mucci, CEO & Editorial Director for RCR Wireless, with panelists that include Greg Cubbon, Infrastructure Product Manager for Hibernia Networks; Rob Barlow, President and CEO for WireIE; and Roy Hirst, Technical Sales for XKL.

This is the first year Telecom Exchange is collocated with the DatacenterDynamics Converged Europe event. TEX brings together voice and data wholesale telecoms service providers to close business, attracting leading buyers and sellers of wholesale data and transit providers, who need to connect to the 'people behind the networks' to negotiate and close capacity deals.

DCD Converged Europe will feature over 100+ hours of expert presentations, in-depth discussions, interactive workshops and idea labs at the event. A featured collocation panel, closely aligned with Telecom Exchange, "How is your collocation procurement strategy changing in reaction to the shorter-term needs of dynamic and hybrid infrastructure?," is taking place on November 18 at 12:00 GMT and joined by Microsoft, NTT Communications, CBRE and Telehouse. Additionally, a 1.5-hour workshop on "Expert Collocation Procurement" will occur on

November 18 at 15:00 GMT. The workshop is hosted by NTT, Telehouse, CBRE, ETIX and Volta Data Centres. For full DCD Converged agenda details, visit <http://www.dcdconverged.com/conferences/europe/programme>.
